

# 1951 **ARTIST PARTNERS** 2011

**In 1950 G. Donovan Candler left a major London based artists agency to set up in business with L.A. Rix, Betty Luton White, John Barker and the designer Reg Mount. They did not solicit the representation of those artists, designers and photographers whom they had previously represented, but were nevertheless inundated with requests from many of them for representation, and so in two rooms in Soho's Lower John Street, in May 1951, Artist Partners was founded.**
